Overall Length:

6.000 inches

Overall Width:

3.500 inches

Wrenching Surface Size:

0.435 inches single end and 0.437 inches single end

Criticality Code Justification:

Zzzy

Wrenching Surface Shape:

Hexagon single end external

Material:

Steel

Style Designator:

Fixed t-handle

Reference Number Differentiating Characteristics:

Material will be in accordance with ships parts control center activity hx quality control, manufacturing and testing specifications

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A102a0
