Overall Length:

13.750 inches

End Application:

M1,I-MP-ROV-EDTA

Wrenching End Outside Diameter:

1.750 inches

Drive End Outside Diameter:

1.750 inches

Wrenching Surface Size:

1.250 inches first end

Drive End Head Thickness:

0.500 inches

Drive Surface Size:

0.750 inches second end

Wrenching Surface Shape:

12 point single end internal

Wrenching End Offset Angle:

30.0 degrees

Drive End Shape:

Square single end internal

Drive End Offset Angle:

30.0 degrees

Special Features:

12 inch center to center distance

Material:

Steel

Style Designator:

Offset

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A102a0
