Unit Type:

Any acceptable

Drive End Type:

External

Stud Size Accommodated:

Small end 8.0x1.25mm iso thd 19.0mm lg; large end 10.0x1.5mm iso thd by19.0mm lg; spline wrenching feature 5.0mm lg centrally located

Functional Description:

Stud replacer, helicopter

Reference Data And Literature:

M.C.A/c.P/m/ chapter 3-15.

Supplementary Features:

Steel comp 35nc6 cadmium plated

Specification Data:

83324-s-8 manufacturers standard

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T294-p
