Overall Length:

11.125 inches

Diameter:

5.500 inches

Usage Design:

To facilitate insertion/removal of accumulator piston and rod assembly w/ring seals into/from the accumulator housing assembly w/o damaging the hp seals/piston and rod assembly

Operation Method:

Nonimpact

Special Features:

INCL-HA-NDL-E101

Material:

Steel

Shape:

Cylindrical

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T294-m
