Special Features:

Item is three dimensional precision vise w/sine feature; matl steel alloy hardened rc60; stress relieved ground surfaces; parallelism within .0001 in. In 4.0 in.; fine adjusting screw on swivel base, minuter vernier; roller center distance to within .0001 in; roller hardened and ground to within .0005 in. Of same dia; w/wooden case; clamping capaci type 3 1/8 in.; used in precision measurement laboratory

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A23900
