Overall Length:

0.935 inches

Diameter:

1.052 inches

Usage Design:

Remove seat ring on stop-check valve

Operation Method:

Nonimpact

Diameter Across Flats:

0.835 inches

Driver Collar Quantity:

4

Criticality Code Justification:

Zzzy

Shape:

Round w/splines

Reference Number Differentiating Characteristics:

Material will be in accordance with ships parts control center activity hx quality control, manufacturing and testing specifications

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T294-m
