End Application:

F-16 acft

Torque Capacity:

500.0 inch-pounds

Drive Surface Size:

3.300 inches single end

Drive End Shape:

Round single end external

Special Features:

Assemble threaded orifice support into piston assembly, mlg shock strut assembly; use standard torque wrench

Style Designator:

Tubular pin

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A102a0
