End Application:

F100 acft

Wrenching Surface Size:

0.375 inches single end

Torque Capacity:

700.0 inch-pounds

Wrenching Surface Shape:

Square single end internal

Material:

Steel comp 4140

Material Specification:

Aisi-4140 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A102a0
