Overall Length:

1.000 inches

Diameter:

2.500 inches

Bore Diameter:

1.686 inches

Bore Length:

0.780 inches

End Application:

1520-01-088-3669, cargo helicopter

Usage Design:

Used to install no. 145h6643 piston assembly into the no. 114h6602 outer cylinder and the no. 114h4006 piston assembly into the no. 114h6701 outer cylinder during overhaul of the no. 145h6600 dual pivoting actuator and no. 114h6700 dual swiveling actuator

Operation Method:

Nonimpact

Drive End Type:

Recess

Material:

Aluminum alloy

Shape:

Cylindrical

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T294-m
