Overall Length:

15.000 inches

Diameter:

1.253 inches

Operation Method:

Nonimpact

Functional Description:

Used to expand-insert seals into grooves of housing bore/f100-pw-229 aircraft eng

Material:

Stainless steel

Reference Data And Literature:

Serd5653

Shape:

Round tapered

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T294-m
