**End Application:**

Aircraft propeller controls

**Unit Type:**

Straight

**Product Name:**

Compressor spring

**Special Features:**

4.5 in. Lg x 0.75 in. Od

**Functional Description:**

Used to compress springs during inspection

**Reference Data And Literature:**

To 3ha2-7-3

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

T294-m
