**Overall Length:**

5.250 inches

**End Application:**

Ssn688 submarine oxygen-pressure reducing manifold assembly

**Wrenching Surface Size:**

0.500 inches single end

**Wrenching Surface Shape:**

Hexagon single end external

**Special Features:**

Plastic coated long arm; 1/8 in. Diameter through hole in long arm for wire rope attachment

**Material:**

Steel

**Style Designator:**

L-handle

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A102a0
