Overall Length:

5.250 inches

End Application:

Ssn688 submarine oxygen-pressure reducing manifold assembly

Wrenching Surface Size:

0.500 inches single end

Wrenching Surface Shape:

Hexagon single end external

Special Features:

Plastic coated long arm; 1/8 in. Diameter through hole in long arm for wire rope attachment

Material:

Steel

Style Designator:

L-handle

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A102a0
