Overall Length:

5.300 inches

Diameter:

3.300 inches

End Application:

F117-pw-100

Operation Method:

Nonimpact

Special Features:

Aka drift

Functional Description:

Used to install the ball bearing into the deoiler housing support

Material:

Steel

Shape:

Cylindrical

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T294-m
