Overall Length:

12.700 inches

Diameter:

5.200 inches

End Application:

Tf117 pw100 aircraft eng

Operation Method:

Nonimpact

Functional Description:

Used during installation and seating of bushing for gearbox power shaftbearing diameter

Material:

Steel

Shape:

Cylindrical

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T294-m
