Overall Length:
10.500 inches
Wrenching Surface Size:
0.750 inches second end
Wrenching Surface Shape:
12 point both ends internal
Wrenching End Offset Angle:
15.0 degrees
Material:
Steel
Surface Treatment:
Chromium
Style Designator:
Shallow angular offset double head
Supplementary Features:
Industrial quality (iq) tools program item
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A527y0
