Overall Length:

1.940 inches

Outside Diameter:

0.750 inches

Drive Surface Size:

0.375 inches both ends

Drive End Shape:

Square second end external

Material:

Steel

Surface Treatment:

Chromium

Style Designator:

External-internal

Specification Data:

81343-sae as4283 professional/industrial association standard

Specification Or Standard:

2 type and 1 class

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A102a0
