Overall Length:

7.750 inches

Wrenching Surface Size:

0.438 inches second end

Wrenching Surface Shape:

6 point both ends internal

Wrenching End Offset Angle:

45.0 degrees

Material:

Steel

Surface Treatment:

Chromium

Style Designator:

Deep angular offset double head

Supplementary Features:

Industrial quality (iq) tools program item

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A527y0
