Overall Length:

4.000 inches

Wrenching Surface Size:

0.344 inches second end

Wrenching Surface Shape:

6 point both ends internal

Wrenching End Offset Angle:

15.0 degrees

Material:

Steel

Surface Treatment:

Chromium

Style Designator:

Shallow angular offset double head

Supplementary Features:

Industrial quality (iq) tools program item

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A527y0
