**Overall Length:**

2.000 inches

**Diameter:**

0.520 inches

**End Application:**

Pacer dawn

**Usage Design:**

Used to compress a channel seal back to its original diameter after stretching, to install it on a balanced piston

**Operation Method:**

Nonimpact

**Product Name:**

Compression tool, seal

**Material:**

Steel

**Shape:**

Cylindrical

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

T294-m
