Overall Length:

8.000 inches

End Application:

C-17a engine

Operation Method:

Nonimpact

Product Name:

Drift handle-gearbox, face seal rotating ring, install

Special Features:

Used to replace a worn/damaged deoiler face seal rotating ring onto the deoiler gearshaft when the deoiler housing is on the gearbox: black oxide finish: t.O. 1c-17a-4-4: nha is f117-pw-100

Shape:

Cylindrical

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T294-m
