Overall Length:

3.500 inches

Usage Design:

Install bearing on weapon bay door for b-2 air vehicle

Operation Method:

Impact

Diameter Across Flats:

2.0025 mils and 2.0030 centimeters

Special Features:

Submitted name bearing driver

Material:

Stainless steel

Reference Data And Literature:

Serd 4024

Shape:

Round w/splines

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T294-m
