Overall Length:

2.000 inches

Diameter:

4.250 inches

End Application:

Tool set 901-236-014-101; v-22

Criticality Code Justification:

Agav

Product Name:

Base, cup installation & removal - mlg

Special Features:

Kmatl - 17-4ph stainless steel per sae ams 5643 or 5604, cond h925; finish passivate per sae ams-qq-p-35, ty viii; flats install up diameter 3.307 in., removal up diameter 4.250 in; threaded center hole 1/2-13 unc threads

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T294-m
