**Overall Length:**

2.000 inches

**Diameter:**

4.250 inches

**End Application:**

Tool set 901-236-014-101; v-22

**Criticality Code Justification:**

Agav

**Product Name:**

Base, cup installation & removal - mlg

**Special Features:**

Kmatl - 17-4ph stainless steel per sae ams 5643 or 5604, cond h925; finish passivate per sae ams-qq-p-35, ty viii; flats install up diameter 3.307 in., removal up diameter 4.250 in; threaded center hole 1/2-13 unc threads

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

T294-m
