**Drive Surface Size:**

53.0 millimeters single end

**Drive End Shape:**

Square single end internal

**Product Name:**

Double acting square drive torque wrench

**Special Features:**

operating pressure 800.0 bar; length in milimeters 167.0; torque 27.000 nm; square drive range in inches 0.750 - 2.500

**Material:**

Stainless steel

**Unpackaged Unit Weight:**

2.5 kilograms

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A102a0
