D. (			
Drive Surface Size:			
53.0 millimeters single end			
Drive End Shape:			
Square single end internal			
Product Name:			
Double acting square drive torque	wrench		
Special Features:			
operating pressure 800.0 bar; le	ength in milimeters 167.0;	torque 27.000 nm;	square drive range in inches 0.750 - 2.500
Material:			
Stainless steel			
Unpackaged Unit Weight:			
2.5 kilograms			
Shelf Life:			
N/a			
Unit Of Measure:			
Demilitarization:			
No			
Fiig:			
A102a0
