Drive Surface Size:

53.0 millimeters single end

Drive End Shape:

Square single end internal

Product Name:

Double acting square drive torque wrench

Special Features:

operating pressure 800.0 bar; length in millimeters 167.0; torque 27.000 nm; square drive range in inches 0.750 - 2.500

Material:

Stainless steel

Unpackaged Unit Weight:

2.5 kilograms

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A102a0
