Pilot Diameter:

Between 0.400 inches and 0.420 inches

Overall Length:

0.575 inches

End Application:

Ge engine, acft, turboshaft t700 model

Pilot Length:

Between 0.600 inches and 0.640 inches

Usage Design:

Set overhaul agb/pto

Operation Method:

Nonimpact

Drive End Type:

Pilot

Diameter Across Flats:

Between 0.220 inches and 0.260 inches

Product Name:

Base, pusher

Material:

Steel

Reference Data And Literature:

Army dmwr 1-2840-248-1

Shape:

Rectangular w/collet

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T294-m
