**Pilot Diameter:**

Between 0.400 inches and 0.420 inches

**Overall Length:**

0.575 inches

**End Application:**

Ge engine, acft, turboshaft t700 model

**Pilot Length:**

Between 0.600 inches and 0.640 inches

**Usage Design:**

Set overhaul agb/pto

**Operation Method:**

Nonimpact

**Drive End Type:**

Pilot

**Diameter Across Flats:**

Between 0.220 inches and 0.260 inches

**Product Name:**

Base, pusher

**Material:**

Steel

**Reference Data And Literature:**

Army dmwr 1-2840-248-1

**Shape:**

Rectangular w/collet

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

T294-m
