**End Application:**

Hydromechanical control unit (hmu) used on turbo shaft engines, ge t700ge-700/400/401

**Product Name:**

Installer, seal

**Functional Description:**

Used for servicing hydromechanical control units (hmu) on seahawk and blackhawk aircraft

**Reference Data And Literature:**

Nap 7161.001-3m, dmwr55-2915-340

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

T294-m
