**Center Hole Diameter:**

38.1 millimeters

**Extended Height:**

54.0 millimeters

**Retracted Height:**

42.0 millimeters

**Unit Type:**

Self-contained

**Load Capacity:**

150.0 tons

**Pump Type:**

Single

**Special Features:**

Max operating pressure 700 bar; 12 mm stroke; 5-150 ton capacity; collapsed ht 42 mm; extended ht 54 mm; single acting spring return; corrosion resistant; 8x55 mm outside diameter

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A538w0
