Overall Length:

7.600 inches

Wrenching Surface Size:

17.0 millimeters second end

Features Provided:

Full polish

Small End Head Angle:

15.0 degrees

Large End Head Angle:

15.0 degrees

Material:

Steel

Surface Treatment:

Chromium

Style Designator:

Double head

Specification Data:

05047-asme b107.100 professional/industrial association standard

Specification Or Standard:

1 type and 1 class

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A527y0
