Special Features:

Opposed straight line; pads driven by horizontally opposed pistons; 1-1/2 in. Stroke; 1200 spm; 4-8 sheets paper capacity

General Description:

Type: reciprocating; abrasive contact area: 80 sq. In. ; drive method: pneumatic; no load speed rating: 1200 spm ; air consumption: 32 cfm at no load; air pressure: 90 psig operating

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A23900
