Overall Length:

1.375 inches

Outside Diameter:

1.063 inches

Drive Surface Size:

0.500 inches second end

Features Provided:

Power tool

Drive End Shape:

Square second end external

Special Features:

Ball locking mechanism

Material:

Steel

Surface Treatment:

Oxide

Style Designator:

External-internal

Supplementary Features:

Industrial quality (iq) tools program item

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A102a0
