Current Type:

Ac

Alternating Current Rating In Amps:

12.0

Frequency Rating:

60.0 hertz

Spindle Diameter:

0.625 inches

Accessory Components And Quantity:

Grinding wheel, side handle

Voltage Rating:

120.0 volts

Wheel Diameter Accommodated:

5.000 inches

Plug Connector Type:

2-prong

Features Provided:

Wheel guard

Phase:

Single

Special Features:

Variable speed with the low speed not greater than 3, 000 rpm; 10, 000 rpm no-load speed ; electronic speed control to maintain speed under load

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A541n0
