Current Type:

Ac

Alternating Current Rating In Amps:

15.0

Frequency Rating:

60.0 hertz

Carrying Case:

Not provided

Accessory Components And Quantity:

Carbide blade and blade wrench

Voltage Rating:

120.0 volts

Rotational Speed Rating In Rpm:

5800.0

Blade Diameter:

7.250 inches

Motor Armature Axis Position:

Parallel to saw blade spindle axis

Vertical Cut Depth:

2.438 inches

Features Provided:

Electric brake and spindle lock

Phase:

Single

Special Features:

Top handle; 1-7/8 in. Cut depth at 45 deg; aluminum shoe; 50 degrees bevel capacity

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T294-z
