Overall Length:

15.900 inches

Accessory Components And Quantity:

Two position side handle, rubber backing pad, clamp nut, spindle lock

Current Rating:

7.0 amperes

Wattage Rating:

700.0 watts

Voltage In Volts And Current Type:

120.0 ac/dc

General Description:

No load speed; 1750 rpm; 7 or 9 inch wheel capacity

Thread Size And Series/type Designator:

5/8 unc

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A23900
