End Application:

F100-pw-100/200/220/220e

Product Name:

Puller, hydraulic-4th stage turbine disk

Special Features:

Length 7.5 in, width 7.5 in, height 8.0 in

Functional Description:

Used to remove the 4th stage turbine disk from the low pressure turbine hub

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A538y0
