Drive End Type:

Collet chuck

No Load Speed In Rpm:

20000.0

Product Name:

Cyclone angle die grinder

Special Features:

Power 0.22 kilowatts; length 154.0 millimeters; standard angle collet size 6.0 millimeters, 0.250 inch; operating air pressure 620.0 kilopascal, 90.0 pounds per square inch; air inlet 0.250 inch npt; hose size recommended 8.0 millimeters; diameter of mounted wheel 20.0 millimeters, 0.750 inch

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A541p0
