Overall Length:

15.000 inches

Overall Width:

2.87 inches

Accessory Components And Quantity:

Carrying case, 2 ea 18v/1.5 amp batteries, battery charger, die removal tool gage

Operation Method:

Hydraulic

Current Rating:

1.5 amperes

Wire Size Accommodated:

Between 28.000 awg and 8.000 awg

Voltage In Volts And Current Type:

18.0 dc

Special Features:

Battery operated; includes two 9.6v batteries, battery charger and carrying case

Functional Description:

1.5 ton crimping force, 26awg to 8awg capacity

General Description:

Hand held portable battery powered hydraulic crimping tool with 350 degree rotating head

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A53810
