Overall Height:
1067.0 millimeters
Overall Width:
915.0 millimeters
Unpackaged Unit Weight:
492.0 kilograms
Product Name:
Tennsmith squaring shears.
Special Features:
Hchc blades, guage range back 762mm/front 940mm. Gage capacity mild 16/ stainless 20.
General Description:
Max cutting lenght 1327mm, strokes per minute, full lenght 40: foot operated air vavle control regulator air guage.
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A23900
