Fragility Factor:

Rugged

Voltage In Volts And Current Type:

18.0 dc

Product Name:

Rp 200-b press tool

Special Features:

Weight: 6.2lbs; hydraulic ram output: 5400 lbs; approx cycle time: 4-5seconds

Functional Description:

Tool allow access to tighter spaces for press connections

Material:

Plastic and stainless steel and copper

Supplementary Features:

270 degree barrel/jaw swivel; operating temp range: 15 degree ti 122 degree f.

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
