Pilot Diameter:

4.76 millimeters

Overall Length:

66.0 millimeters

Body Diameter:

6.0 millimeters

Twist Length:

Between 20.0 millimeters and 28.0 millimeters

Drill Length:

0.80 millimeters

Included Angle:

140.0 degrees

Product Name:

Carbide drill bit

Material:

Boron carbide cutter

Supplementary Features:

Highest level of wear resistance for higher cutting speeds; more efficient than tin-pvd grades

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A188a0
