End Application:

Aircraft nose wheel steering hydraulic motor assembly daa3221p601

Component Quantity:

5

Product Name:

Maintenance kit, aircraft

Special Features:

Repair kit, aircraft (b2) pacer special

Functional Description:

Removal of matched, serialized assembly

Reference Data And Literature:

To 4sa2-60-3

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A23800
