End Application:

C-5 aircraft

Component Quantity:

30

Usage Design:

To check the battery fluid level, perform torque check, discharge battery cells and remove failed battery cells

Container Type:

Case

Special Features:

Includes case (32535-001, nsl); 22 discharge clips (31379-001, 5999-01-314-1840); cell puller (32515-001, nsl); vent wrench (25624-001, 5120-00-064-5326); socket bit t-30 (30938-001, 5120-01-302-1679); syringe tip adapter (32479-003, nsl); syringe tip adapter (32479-005, nsl); syringe tip adapter (32479-002, nsl); syringe tip adapter (32479-001, nsl); 20cc syringe (32415-001, nsl); operation temperature -65 degrees f to 125 degrees f; case material is plastic; finish color is matte black; exterior container weight 5 lbs

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
