Adjustability:

Adjustable

Design Type:

Single face

Overall Outside Dimensions:

12 in. By 1-5/8 in. Base

Adjustable Characteristics:

True vials

Vial Quantity:

1 cross test

Vial Arrangement:

Pairs cross test

Vial Graduations:

Not included cross test

Vial Graduation Value:

0.00500 in. Per ft

Vial Surface Finish:

Unground cross test

Vial Type:

Cross test

Material:

Iron, cast

Material:

Iron cast

Specification Or Standard:

2 type and 2 class and b style

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T370-a
