End Application:

Standard inertial navigational unit

Special Features:

9surface plate; granite, 36.000 in. Lg, 24.000 in. W, 6.000 in. Thk, laboratory grade aa, guaranteed repeat reading 25 millionths, microflat autocollimator o/a accuracy porm 0.000025, used when checking dimensions and parallelism on coil and support assembly

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T299-r
