Base Width:

1.400 inches

Base Length:

1.600 inches

Contact Point Type:

Regular

Special Features:

C/o steel "u" shaped support w/stdrd dial indicator mounted in center, via threaded through hole w/indicator point protruding through "u" portion of support; used for maintenance on f117-pw-100 engine; 3.5 in. Ht; 5 lbs; comes in storage conatiner

Reference Data And Literature:

Serd 1246

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T299-h
