End Application:

6625-01-497-3151

Component Quantity:

81

Product Name:

Zirconia ceramic gage block set

Special Features:

Ceramic gage blocks resist corrosion and defacement and require no protective coating. Blocks feature a coefficient of expansion only 2x 10⁻⁸/c different than steel blocks. They are inspected for accurate size, tolerance, length and flatness. Rectangular in shape, are constructed of high grade zirconia ceramic.

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
