Carrying Case:

Not provided

Measurement System:

Metric

Jaw Depth:

1.570 inches

Accuracy Rating:

0.001 inches

Outside Measurement Range:

+0.0/+150.0 millimeters

Inside Measurement Range:

+0.0/+150.0 millimeters

Product Name:

Digimatic caliper with absolute encoder

Special Features:

Digital display; inch/metric measurements; battery is silver oxide cell sr-44

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T299-n
